For over 25 years your support has changed the lives of hundreds of students at San Pasqual Academy. All year we have celebrated the accomplishments of the current and previous classes—their championships in football and basketball, their personal growth and maturity and especially the graduations—securing a high school diploma and preparing for the next adventure.

We thank all of you for your generosity, in both time and money. Your support continues to ensure the success of the foster teens at San Pasqual Academy and that Friends of San Pasqual Academy will be there for them. The school supplies drives, holiday gifts, Volunteer Day and so many more tangible demonstrations of your commitment to the foster teens have enriched many lives.

As we move into the next 25 years, we are working to sustain our support levels and expand the offerings for the kids at the Academy. Training courses are on the horizon, with CTE (Career and Technical Education) instructors being interviewed to better prepare the students for life after high school. The school has also expanded to include a Middle School—creating more opportunities for foster youth siblings to stay together.

With the average San Diego County high school age foster youth being in 4.1 placements every 1,000 days that's almost 6 or more houses during their high school years—while the Academy is a single home that provides safety, stability and continuity. Our mission has always been to support the foster teens of San Pasqual Academy and to ensure that they have an opportunity to experience a traditional high school experience, in a safe and secure environment.

We are so thankful that you are a part of Friends of San Pasqual Academy
