

Dear Friends of San Pasqual Academy,

I graduated from the academy back in 2016 and went on to attend the University of California Los Angeles. I don't think I would have been able to succeed in such a prestigious institution if it were not for your continued preparation, support, and generosity. From the time I became a student at the academy in 7th grade to the day that I graduated, you were always providing my classmates and me with the perfect tools that we needed to excel academically. Each year, going back to school was so exciting because we were given the best school supplies, clothing, and electronics that helped us feel confident in the classroom and eager to learn. It also helped that all encounters with you were filled with words of encouragement, understanding, and love. There is no one way to describe the amount of dedication and hard work that you have put into the academy and molding each of us into better students and members of society.

During my time in undergrad, you continued to support my pursuit of my Bachelor's degree, helping me reach a huge milestone in my life. Thank you for always believing in my ability to succeed and making my needs a priority. The education I received is world-renowned and without your financial support, I wouldn't be where I am today. I am a UCLA alumnus with a Bachelor of Arts in Sociology and I have you all to thank for that.

I am now working on my next goal, which is to become a certified teacher. I've always been passionate about education and I know how valuable it is for a successful life. As an educator, I want to make a difference in the lives of students, especially those who are faced with more challenges due to particular disabilities. I am excited to embark on my new journey and I thank you all for helping me get to such an incredible point in my life.

Sincerely,

Megan, San Pasqual Academy Alumnus, 2016

This is what you, our very generous donors, do for the kids at San Pasqual Academy. Your support makes their dreams a reality!

*Thank you!
